The News.

We have very meagre telegraphic news this morning, the wires being out of order last night.

We have news from Europe, by the steamer *Indian Empire*, but nothing as yet from the Atlantic Telegraph fleet, the progress of which so much engrosses public attention.

The incendiaries of Buffalo are at work again. Some $30,000 worth of lumber was destroyed by fire there yesterday, and while this fire was in progress, several attempts were made to fire buildings in other parts of the city.

We have no Eastern Market reports this morning. Our Produce market was more active yesterday, and wheat sold at previous prices generally. The weather was excessively close and sultry all day, with heavy showers in the evening, which cooled the air somewhat.

THE BANK ELECTION IN IOWA.—Partial returns of the election in Iowa on Monday indicate that the Banking law passed at the late session of the Legislature was ratified, and there is probably a majority in favor of the State loan. The people of Scott County went almost unanimously for the banks. The Davenport *Gazette* gives the following returns for that township:

For State Bank of Iowa	1,538
For General Banking Law	1,397
Total	2,935
Against State Bank	9
Against General	13— 22
Majority for Banks	2,912

The "rural districts," as far as heard from give overwhelming majorities in favor of Banks.

☞ The New Orleans *Delta* proposes, in case the people of Kansas vote down the Lecompton Constitution, that Louisiana and other cotton growing States shall send a special commission to Washington to *demand* that Congress shall enforce "Lecompton" in spite of the People, and if Congress refuses, that the cotton States aforesaid shall declare the Union dissolved.

BORROWED CAPITAL.—General JACKSON once said that those who do business on borrowed capital ought to break." The Boston *Atlas & Bee* wonders what the old hero, were he alive, would say of the present Federal Administration, which is doing business on borrowed capital to the tune of forty millions a year.

Correspondence of the N. Y. Herald.

Vanderbilt vs. Belly & Co.

WASHINGTON, June 29, 1858.

The report of the New York press that the President had determined to take possession of San Juan del Norte, and that Lord Napier approved such a course, is not true. The President resolved, however, that the Nicaragua Transit route shall be opened. The trickery of the Nicaraguan government, or other officials, or the scheming of the steamship company monopolists, will not be suffered to prevent the free passage of that important route. I understand there is an agreement between the Pacific Mail Steamship Company and Commodore Vanderbilt with reference to the Nicaragua route. This, doubtless, is to keep the enormous profits taken from the pockets of California passengers, and to perpetuate the monopoly. There is no doubt here but Vanderbilt's hundred thousand dollars has done the business effectually for Belly and Milland. Under such an arrangement, said to have been made with the Pacific Steamship Company, Vanderbilt could well afford to outbid the Frenchmen in buying the Martinez government.

BAD NEWS FROM LAKE SUPERIOR—STEAMER LADY ELGIN ASHORE.——We were sorry to learn, yesterday, bad tidings from Lake Superior. Mr. Taylor clerk of the *Lady Elgin*, arrived here and reported this fine steamer stranded at Copper Harbor, on Lake Superior. He came down on the *Illinois* to Detroit, thence to this city by the Michigan Central Railroad. From Captain Tompkins' dispatches to the owner of the boat, it appears that in attempting to enter the port, about seven o'clock of last Sunday evening, a dense fog prevailing at the time, the *Elgin* struck on the point of the reef and hung there, leaking so badly that her own pumps were totally insufficient to keep her clear. Capt. Tompkins immediately jetted the deck load of cattle, hoping to get off and run up to the head of the bay into shoal water, but the water gained so fast that the getting out of the cattle did not lighten the boat. The cargo was then safely landed, the steamer's boats being used as lighters. When Mr. Taylor left, the *Elgin* was lying badly, but it was thought she could easily be got off after being pumped out. The tug *Salvor* promptly left yesterday for her relief, and it is confidently expected that the steamer will be again at her dock in Chicago, ready to leave on her excursion trip on the 13th inst.—*Chicago Tribune, July 2d.*

MURDEROUS ASSAULT AT BLANCHARD'S HOTEL—JEALOUSY IN THE CASE—ARREST OF THE PERPETRATOR.—Yesterday morning, Mr. Edward J. Anderson, a lawyer, attacked Captain Thomas Dunham, of the shipping firm of Dunham & Dimon, in the hall of Blanchard's Hotel, Broadway, and stabbed him with a dagger, inflicting a wound which will probably prove mortal.

All the parties are boarders at Blanchard's.—On Saturday evening, Captain Dunham and wife were about to take a drive by moonlight, when Mrs. Dunham invited Mrs. Anderson to join them. Mr. Anderson assisted her into the carriage.—The party returned a few minutes past midnight, when they discovered him walking the pavement, in high excitement. As the ladies passed into the house, Captain Dunham following, Mr. Anderson approached him in the hall, charging him with impropriety in keeping Mrs. Anderson abroad at an unreasonable hour. He then drew a dagger, and stabbed him in the arm and breast, severing several of the arteries.

Captain Dunham fell to the floor bathed in blood, and senseless. The occurrence created a great excitement. Mr. Anderson was arrested and taken to the Fifteenth precinct station house. In the morning he was brought before Justice Quackenbush and fully committed, the magistrate refusing bail, which was offered in large amounts. Mr. Anderson is very much depressed, and acknowledges that his conduct is without excuse or justification.—*N. Y. Post, 28th ult.*

THE WEATHER, CROPS, &C.—The weather for the past week has been oppressively warm. For several days in succession the mercury has ranged from 88 to 94 in the shade. A fine shower or two has prevented the sun's rays from injuring vegetation, and everything is coming forward with uncommon rapidity. Wheat, grass, oats, corn, and in fact everything of a growable nature, is looking its best. The Farmers and Gardners will all reap a rich harvest for their toils this season, and with them, we rejoice at the prospect.—*Sparta, (Monroe County) Herald, July 1st.*

A PROPOSITION TO COOL THE COCHITUATE.—We learn that a petition is to be presented to the city government that a ton or two of ice be put into the Beacon Hall reservoir every morning, in order that the people may be accommodated with ice water without further expense. On the Fourth of July it is proposed to throw in a small cargo of lemons and a few hogsheads of rum and sugar.—*Boston Post.*

SOMETHING THAT SHOULD BE KEPT IN EVERY HOUSE IN THE COUNTRY.—Messrs. RICHARDSON & GRAY, of Wisconsin street, are now manufacturing an ingenious little contrivance for heating flat irons, which every housekeeper in the land should have. It is WESTLAKE'S Patent Flat Iron Heater, and is the invention of a young man of our city. We gave a description of this apparatus shortly after it was brought into use, but now that we have had a full opportunity to test its usefulness, we can bear testimony to the merits which it possesses. It is an extremely simple contrivance, being nothing more than a small cast iron fixture, shaped somewhat like a four sided pyramid, not coming up to a point, however, though wider at the base than at the top, and made to fit any common sized stove. On the bottom and extending down into the stove about two inches, is a round sheet iron pan perforated with holes. The heater is placed on the stove filled with chips, charcoal, or anything of the kind that will burn, which being ignited at the top *burns downward*, heating the flat irons, which are placed in an upright position, one against each side of the heater, and the smoke is also drawn down into the stove. The principal utility of the heater is its saving of fuel and avoiding unnecessary heat in warm weather. It will heat four flat irons in less than *five* minutes, with *one-fourth* of the fuel which would be required to produce the same effect in an ordinary stove.—We have seen one of them used for the past two months, and can guarantee upon our own knowledge that they possess all the advantages that have been claimed for them, and no housekeeper aware of their utility, we are confident, would be without one. The cost is a mere trifle, a dollar and a half to two dollars for the common size.

THE SCHOONER MAGIC.—This vessel, which, it will be remembered, went ashore in a gale some time ago, down near the South Point, is now on the dry dock in the Menomonee, undergoing repairs. She was got off by Messrs. Thorson & Harrison, and floated up the river supported by two large scows, one on each side, to within a short distance of the first bridge, when after an other hard day's work, sails were extended across her bottom, and by means of two powerful steam pumps she was kept afloat until placed on the dry dock. It was a terrible job to raise her, there being several large holes in her hull, and it severely tried the skill and perseverance of the gentlemen who undertook to do it.

TO CIVIC SOCIETIES AND OTHER ASSOCIATIONS.—The Committee of Arrangements, anxious to make the display on the Fifth as large and imposing as possible, have extended an invitation to the various societies and associations in our city, to unite in the Procession. We hope that some of them, at least, will do so. Our cartmen, last year, made a fine show, mounted on their stout steeds and dressed alike. Will they not turn out on Monday.

DOING WELL.—We are glad to say that our faithful pressman, FRITZ GOLL, who had such a narrow escape on Thursday evening, by falling from the third story of the *Sentinel* building, is doing as well as could be expected, under the care of Dr. WOLCOTT. We examined the place where FRITZ fell, yesterday, and discovered that the mystery of his escape, was his having fallen upon an old crockery crate, which, being somewhat elastic, broke the force of the fall. Within two or three feet of where he landed, was an old cast off press, which would have been more dangerous to have fallen upon than a rock. It is a singular fact that within the past six years three persons have fallen from this same place, and in very nearly the same manner, all of whom escaped without fatal injury.

EXCURSION ON THE FIFTH.—Company "A," of the Milwaukee Light Guard, have chartered the steamer *Cleveland* for an excursion to Racine and Kenosha on the Fifth. They intend to take part in the celebration at home in the morning; spend the afternoon and early evening on the lake; touch at Racine and Kenosha, and return home by 9 P. M., in season for the Balls of the Light Guard Cadets and Engine Company No. 6. There will be music, dancing, refreshments, fireworks and a good time generally. See advertisement.

SOUTH PRESBYTERIAN CHURCH.—To meet the wants of that part of our city, the evening service of the South Presbyterian Church, on Hanover street, near Park street, will be changed to an afternoon service, commencing at 3 o'clock, next Sabbath.

The anniversary of our national birth-day occurring on that Sabbath, the pastor of the S. P. church, Rev. S. DAY, will preach a sermon suited to the occasion. Subject—"The true elements of a Nations's strength and glory, and the men needed."

PREMIUMS AWARDED AT THE EXHIBITION OF THE MILWAUKEE HORTICULTURAL SOCIETY.—The Premiums awarded by the Committee at the Horticultural Society's Exhibition on Thursday, are as follows:

Vegetables—Peas, best half peck, "Early Daniel O'Rourke," sown 28th of April, Thos. Hislop.

Pie Plant—Best 6 stalks, R. W. Parker.

Cauliflowers—Two heads, P. Cannon.

Best display of vegetables, including early and fine varieties of beans, beets, tomatoes, cucumbers, and cabbages, &c., &c., H. Spaan.

NUISANCES IN THE 4TH WARD.—The Street Commissioners would do well to give their immediate attention to the nuisances on lots 14, 15 and 16, in block 145, in the Fourth Ward, near the Depot of the Watertown R. R., on West Water street. The lots in question are covered with filthy green water, the stench from which effects the whole neighborhood, and if not speedily abated, it will certainly be injurious to the health of not only the block but a large portion of the ward. We would also direct the attention of the Street Commissioners to a hole some three feet deep, in the middle of the street nearly opposite HIGBY's warehouse. Scarcely a day passes that some accident does not occur to teams passing that way, in consequence of it.

A NEAT ESTABLISHMENT.—As neat a family grocery establishment as can readily be found, is that of Messrs. W. H. PARMELEE & Co., in YOUNG's new block, on Wisconsin street. The store is extremely handsome, fitted up with good taste, and filled with a choice stock of family groceries. Messrs. PARMELEE keep nothing but tip top articles; and they sell at prices that must suit all. They have in addition to groceries a large variety of fruits, and they are daily in receipt of the choicest fresh roll butter from the country. They are clever and obliging gentlemen, and people who trade with them may rely upon being fairly and civilly dealt with.

WISCONSIN EYE AND EAR INFIRMARY.—We invite the attention of the public, and especially those afflicted with diseases of the eye or ear, to the card of Dr. MEIGS CASE, who has recently taken up his abode in our city, with the intention of permanently establishing an Institution of this description here. Dr. CASE comes from the city of New York, where he has had much experience as Home Surgeon of the extensive Eye and Ear Infirmary of that City. He treats all diseases to which these delicate organs are subject, in the most scientific manner, and promises prompt and speedy relief in all cases, to all who may require his professional services.

Dr. CASE very liberally offers his medicine and advice gratuitously to those who are really indigent. His office is at 179 East Water Street.

ONE OF THE DIRECTIONS.—A letter, postmarked Chicago, came to the Milwaukee P. O. a few days since, with the following elaborate direction:

Will Mr. Postmasther be afther givin this letther to gorge or Hary bingham. Hary is the little breeches who kapes the lite gard salon, for by the Xpres offis and furninst Mr. Cross big block, where all the common schoundrels meet ivry wake, to chate us poor divils out of our money. It is in Milwauky, so it is.

The letter was duly delivered, as per direction.

IOWA WHEAT.—One thousand bags Iowa spring wheat was sold in this market, yesterday, at 70 cents per bushel, by Messrs. Elmore Brothers & Co. It was a very nice lot and came from Clayton City. The berry was plump and clean, and would readily pass for Milwaukee club," There is no other market in the West where *good wheat* will sell so readily and bring as high a price as this. Our market is usually *three* to *five cents* above that of Chicago.

PREPARING FOR THE FOURTH.—Company "B," Milwaukee Light Guard, hold a special meeting in the ante-room of the Light Guard Armory, *this* (Saturday) evening, at 8 o'clock, on business of importance.

Company "A," of the Light Guard, have a street drill *this* evening when every member is expected to be on hand.

BUILDING AND ARCHITECTURAL REFORMER.—The last public exhibition of the workings of this interesting machine, will take place at D. P. HULL's office, under the Newhall house, this A. M., from 10 to 12 o'clock. Mr. S. C. SALISBURY, the inventor, will be happy to see the business men and property holders, at that time, for the purpose of demonstrating the value of the invention to our young and growing city.

FREE SOIL MOVEMENT.—The Menomonee marsh has again begun to travel. It will be remembered how it adorned our river last summer, floating up and down in large green patches, as as the wind and current moved it. We noticed yesterday quite a number of these "emerald isles" making their way towards the lake. If this marsh is not inexhaustible it must certainly get used up before a great while. It is, most assuredly, the *freest* soil we have ever seen.

1776 American Independence. 1858

Celebration of the Eighty-Second Anniversary of the Nation's Birth-Day.

ORDER OF THE DAY.

1. Federal salute at Sunrise.
2. Procession of the Military, Firemen, and Civic Societies.
3. National salute at mid-day.
4. Fireworks in the evening.

The Committee hereby request that the Military, Firemen, Civic Societies and others, intending to take part in the procession, assemble on Main street, at half-past eight o'clock A. M., on Monday next, 5th inst., to the end that the procession may be formed and put in motion by nine o'clock precisely.

The procession will be formed in the following manner:

1. Division and Brigade Staff—Gen. Hathaway and Gen. Best.
2. First Regiment of Wisconsin State Militia, under command of Col. King.
3. Fire Department.
4. American Express Company.
5. Civic Societies.
6. Citizens generally.

The route of march will be as follows:

Up Oneida street to Van Buren street; up Van Buren street to Division; down Division to Milwaukee street; down Milwaukee to Mason street; down Mason to Main street; down Main to Michigan street; down Michigan to East Water street; down East Water street to Walker's Point Bridge; down Ferry street to South Water street; along South Water to Reed street; up Reed street to Menomonee Bridge; up West Water and 3d streets to Chestnut street; up Chestnut to 4th street; up 4th street to Poplar street; down Poplar to 3d street; down 3d to Chestnut street; thence across Chestnut Street Bridge and along Division to East Water street; down East Water to Michigan street; up Michigan to Main street; and up Main to Oneida street, where the procession will be dismissed.

The Leaders of the several Civic Societies, intending to take part in the celebration, are requested to report by Saturday next, to any of the Committee, the name of the Society they represent, and number of members.

J. L. HATHAWAY, D. SHULTZ,
PHILIP BEST, O. M. HOFFARD,
EDWARD O'NEIL, JOHN LARKIN,
Committee.

MILWAUKEE, July 1st, 1858.

Regimental Orders.

FIRST REGIMENT WISCONSIN MILITIA, Head Quarters, Milwaukee July 1, 1858. }

Regimental Orders, No. 4.

The several Companies composing the First Regiment, Wisconsin State Militia, will parade on Monday next, the 5th instant, in honor of the 82nd anniversary of American Independence.

The Line will be formed on Market Square, at 8 o'clock A. M., when the regiment will be reviewed by Major General HATHAWAY, commanding the 1st. Division, and Brigadier General BEST, commanding the First Brigade.

After the Review, the Regiment will take its proper place in the general procession, and follow the line of march prescribed in the Order of the Day. The several Companies will be dismissed as soon as the procession shall have returned to the starting point.

A Federal salute will be fired at sunrise by the Light Guard Artillery Detachment, and a National Salute at mid-day, by the Milwaukee Artillery.

The Milwaukee Dragoons, Capt. GEORGE, will act as escort to the Major and Brigadier Generals.

ROBERT CHANDLER is hereby appointed Adjutant of the Regiment, *vice* E. F. TOWNSEND, resigned.

RUFUS KING,
Col. Commanding, 1st. Regt.

ROBERT CHANDLER, Adjutant.

FIREMEN TAKE NOTICE.—The several Fire Companies, comprising the Milwaukee Fire Department, will meet on Main street, between Oneida and Mason street, on Monday morning next, at half past 8 o'clock, to participate in celebrating the 4th of July.

D. SHULTZ, Chief Engineer.

Milwaukee, July 2d, 1858.

THE BALL OF THE CADETS.—This party, which is to come off on Monday evening, promises to be one of the most attractive features of the celebration. The Cadets have completed all their arrangements for the occasion. They expect quite a number of distinguished guests from abroad. The supper is to be served up in the Newhall House, and is not "extra," it will be borne in mind. Tickets can be procured from any of the members.

NOTICE.—A Lecture in the English language will be delivered at the Synagogue, on Fourth street, between Popplar and Prairie streets, Second Ward, by the Rev. Dr. KALISH, on Saturday, July 3rd, at 10 o'clock, A. M., in commemoration of the Anniversary of our National Independence.

Subject—What is Liberty?

ST. JOHN'S (EPISCOPAL) CHURCH—FIFTH WARD.—We are requested to give notice that BISHOP KEMPER will preach at St. John's Church, Fifth Ward, to-morrow (Sunday) morning, at half past 10 o'clock.

ST. JAMES' EPISCOPAL CHURCH.—This church, on Spring Street Hill, which is now under enlargement will be open for divine service to-morrow, at the usual hour.

PIC NIC.—If the weather is favorable to-day, the scholars of the Summerfield M. E. Church, will have a pic-nic and excursion. They have been making extensive preparations, and no doubt, the little ones and their teachers and friends, will have a pleasant time.

ANOTHER THUNDER SHOWER.—After a warm, sultry day, yesterday, we had another thunder storm, with copious rains, towards evening. The weather stil continues unusually hot.

BOAT RACE ON THE FIFTH.—We understand that there will be a boat race on the river, about five o'clock Monday afternoon, for the champion colors, and a purse of $50—open to all one, or two pair sculls

CLOSING OF THE BANKS.—Next Monday the Banks of the City will be closed for the day. All persons having business to transact on that day will please do so *to-day.*

SUPPER OF THE LIGHT GUARD CADET BALL.—Messrs. KEAN & RICE will lay plates for 500 guests, and the whole affair will be got up in the best and most liberal style of the proprietors of the Newhall House.

ALL THE LATE PAPERS.—SIBERSON, at the News Depot, 209 East Water street, has all the late papers and periodicals from New York.

SUPPLY HOSE NO. 1.—A special meeting of this Company, will be held at their House *this* (Satuday) evening. A full attendance of the members is particularly requested.

FROG LUNCH.—A Frog Lunch will be served up at Harry Lazarus' Clipper Saloon, on Main Street, two doors north of Wisconsin, at half past 10 o'clock on the morning of the 4th.
jy3lt

TO THOSE WHO WANT TO PRESERVE THEIR SIGHT!—Eyes are very often injured by glasses not suited. Messrs. SALOMON & Co. can, by their great experience and help of Barafoss Optemeter ascertain the exact power of the eye, and suit everybody with their celebrated Perriscopic Crystals.
jy3y840d3t.

☞ TO DRUGGISTS AND THE PEOPLE.—You are hereby cautioned against spurious imitations of Dr. De Grath's "Electric Oil," as we shall prosecute any party who uses our *copy righted* bills. This (genuine) "Electric Oil" has cured the Mayor of Camden, of Piles and Rheumatism; also, Hon. John Williamson, of Huntington, Hon. E Killingsurth (whom it took off his crutches in one day) and more than 700 others in Philadelphia, whose names have been published in the Philadelphia *Ledger.*

The wholesale dealers in Philadelphia would not countenance any scamp guilty of the rascality of counterfeiting. In Harrisburg, John Wyeth, Esq., a well-known Druggist there, caused the arrest and imprisonment of one Valentine, who attempted an imitation of this valuable remedy. A gentleman will soon be in Pittsburg, and will be able to show the people what power this Oil has over disease and pain.

Principal office 39 South Eighth street, Philadelphia. No (genuine) Oil without the name Dr. De Grath's Electric Oil blown in the bottle, and the written signatures of Dr. De Grath & Co., and E. A. Smith, to imitate which is felony.

☞ PROF. WOOD'S HAIR RESTORATIVE.—In our advertising columns is to be found an advertisement of this popular restorative. We know nothing of its merits save what we read, but that is sufficient, particularly when we see such testimony of its efficacy as the following, which we clip from the Ottawa *Free Trader:*

"Having tried successively sundry highly recommended hair tonics, on our own half denuded crown, we about lost all confidence in nostrums of that sort, until a week ago we met a distinguished politician of this State, whom we had seen three years ago with thin hair, and as 'gray as a rat' but now boasting as fine a head of hair as one could wish. We demanded the secret of his improved appearance, when he readily accounted for it by ascribing it to the virtues of Prof. Wood's Hair Restorative. We will try that next.—[Rock River Democrat.

A Pleasing Appearance is the first Letter of Recommendation.

GODFREY'S
EXTRACT OF ELDER FLOWERS
For softening the Skin and Improving the Complexion.

EUGENE DUPUY, 609 BROADWAY, N.Y.
Sole Agent for the United States.

THE object of this Circular is to give publicly to the most valuable and efficient Remedy that has yet been introduced in the practice of Medicine, for the purpose of removing every unsightly appearance from the Skin, and preserving to it to the latest period of life nearly all the firmness and freshness of youth. Extensive experience and minute observation havelong satisfied the Proprietor that if applied as directed it will speedily remove any unsightly appearance, such as Tan, Sun-Burn, Freckles, &c., and quickly cure all Pimples, Humors and Eruptions which may disfigure the countenance; and will also impart to the Skin the most delightful softness and delicate clearness; in short, to preserve a pleasing complexion through life, nothing is required but the use of Godfrey's Extract of Elder flowers, the sweetest and really the most perfect beautifier in Nature. This admirable preparation of Elder Flowers is very fragant as a perfume. Elder Flowers have from the earliest ages been esteemed as a mild and harmless, yet most perfect beautifier of the Skin. Tan, Sun-burns, Freckles, Redness, &c., it will speedily and completely remove.

CHILDREN.—It is singularly beneficial and perfectly innoxious, even to the youngest infant.

SHAVING.—It is valuable beyond anything, annihilating every pimple, and all roughness, rendering the skin soft and firm, preparing it so completely for the razor.

FAMILY LOTION.—Godfrey's Extract of Elder Flowers will be found beyond all praise, and needs only a trial to be approved.

AGENTS.—Cary, Howard & Sanger, New York; Schieffelin Bros. & Co., New York; J. W. Norcross & Co., Boston and New York; F. C. Wells & Co., New York. And all other Wholesale and Retail Druggists.

GRAIN CLEANER & SEPARATOR
HORTON'S PATENT

G. B. BINGHAM & BRO.,
Sole Manufacturers in Wisconsin.

THIS MACHINE is of recent invention, and surpasses all others in use for its perfections as a thorough Separator and Scourer. It has given entire satisfaction in New York, Pennsylvania and other States where it has been introduced, and we are confident it is better adapted to the cleaning of Western grain than any other ever introduced into this State. It is fire proof, not liable to get out of repair, requires but little power to run it, and the scouring cylinder so constructed as to render it unnecessary to be renewed for years. We respectfully invite all Western Millers to give us a call, and examine our machine, at the Bay State Foundry, Florida st., Milwaukee, Wis.

Destructive Fire at Buffalo.

BUFFALO, July 2.

A fire broke out about 11 o'clock last night, in the extensive lumber yard of Vancoleck, Churchill & Potter, situated on the Erie canal, at the foot of Hospital street, consuming two million feet of pine lumber. The entire contents of the yard were valued at $30,000—insured for $18,000. The lumber in an adjoining yard was damaged to the amount of $2,000—no insurance. Thirty cords of wood valued at $1,000, was also destroyed.

The valuable planing and paper mills adjacent, were several times on fire, but were saved by the efforts of the firemen.

The fire was the work of an incendiary Several unsuccessful attempts were made while the above fire was in progress, to fire buildings in other parts of the city.

Jack Smith, a fireman, from the excessive heat, went into convulsions, and will probably die.

Fortunately, there was but little wind at the time, or the loss would have been much heavier.

Arrival of the Indian Empire.

HALIFAX, July 2.

The steamship *Indian Empire*, from Galway, on the evening of the 19th of June, called off Halifax harbor at 10 o'clock last night, and landed Mr. Miles, of London, who proceeds to New York via Windsor and St. Johns, and also the mails for British North America. She proceeded at 4 o'clock to New York.

A few days after leaving Galway, the *Indian Empire* broke her port piston, and after eight hours' delay she continued on her way with one engine. She had light westerly winds.

On the 24th ult., she encountered a severe gale, which lasted 24 hours. The remainder of the passage was pleasant. She saw nothing of the telegraph fleet.

Later News from Mexico.

WASHINGTON, July 1.

Despatches received at the Mexican legation, to-day, are silent upon the subject of the American minister demanding and receiving his passports. Such a report, however, was current at the capital. Our government also received advices, but their contents have not yet transpired.

Civil proceedings were continued against foreigners who refused to pay contributions on their property, and those who resisted the Federal authorities, were ordered to leave the Capital. Several Swiss and Germans, together with Americans, had sought protection from Mr. Forsyth.

Fatal Accident on an Egyptian Railway.

A Cairo correspondent of a Louisville paper gives the following particulars of the railroad accident in that country, by which the nephew of the Viceroy and others lost their lives:

"It is a most unfortunate circumstance that his Highness, Ahmet Pacha, should happen to be the victim of the first railway accident we have had here ever since the line was opened. According to report, he very reluctantly allowed himself to be persuaded by his relatives to come down from Cairo to pay his respects to his uncle, the Viceroy, on the occasion of the Beiram festivals, and immediately after having gone through the usual ceremony on the morning of the 14th of May, he hurried to the railway station, accompanied by several distinguished personages, including his Highness, Halim Pacha, brother to the Viceroy, and reached the place just in time to catch the up-train that was to bring him to his untimely death.

The train, as usual, started and arrived safely at Kafer Lais, where passengers generally alight to cross the Nile in a steamer, but, as on all occasions when princes are on the line, the ferry is held in readiness to convey them across in the carriages. The Arabs in charge, on pushing the wagons on the ferry, very carelessly omitted to put on the shappens, and the four wagons, one after the other, dropped into the Nile. As soon as it was perceived that the wheels of the first carriage had got over the side of the ferry, the alarm was given, but, alas! too late to be of any avail, as Ahmet Pacha, with his suite, with Rifaat Bey, Minister of Commerce, and Kernidin Pacha, formerly director of the transit administration, perished.

Halim Pascha escaped by jumping into the Nile, whence he was rescued by some of the English railway employees, whose indefatigable exertions in trying to save some of their fellow creatures merits great praise. The disastrous news was received shortly after the accident occurred, and both the European colony and the whole Arab population could not help manifesting how deeply they felt the sudden loss of the man in whom the hope of Egypt rested. He was the eldest son of the late Ibrahim Pacha, and the eldest living prince of Mehemet Ali's family, and consequently successor to the present Viceroy. Under his rule the prosperity of the country would have been almost certain.

THE LOWER MISSISSIPPI.—The river, though still considerably inflated, appears to be satisfied just now. Having succeeded in establishing an uncommonly fine family of crevasses up above, it seems content to let the city *slide* another way, when the river shall resume its ordinary dimensions. The muddy current has not yet subsided as much as a foot from its highest pitch. The crevasses above are mostly in *statu quo*, and no fears are entertained in these parts of any further disaster from that source. But it remains to be seen, whether these crevasses, when the up-country floods give out, will not so rapidly accelerate the fall of the river as to create the most disastrous slides of the soaked and soggy levees and batture banks. We have heard this probability talked about and there may be something in it. A great deal has been done to keep the water out; possibly a great deal more may be necessary to keep the land in. The banks opposite the eddies will be the dangerous places, if any.—*N. O. Crescent, 20th.*

DRED SCOTT LAW IN VIRGINIA.—The Albany *Evening Journal* says:—"The Dred Scott Decision, by the Supreme Court of the United States, has been made PRACTICAL in a case which was progressing in the State of Virginia: By Will a large number of Slaves were at liberty to decide whether they would be sold at auction, or be EMANCIPATED. If the latter alternative was adopted, then $20,000 was bequeathed for their benefit. The Will was contested, but the Circuit Court sustained its validity. It was appealed, however, and in the meantime the Dred Scott Decision having become the law of the land, the decision of the Circuit Court has been REVERSED by the Supreme Court! Slaves being chattels, and not persons, are incapable of deciding whether they will remain Slaves or become Free! And the benevolent intentions of a master is arbitrarily defeated by Judicial Usurpation.

Well and truly has it been said that those whom the Gods intend to destroy are first made mad. With the laws of Virginia we cannot interfere. But the Supreme Court of the United States is not a "Domestic Institution." *Its* Decisions may be reviewed, challenged, and reformed. As we look forward with hope and confidence to a day when the Dred Scott Decision will be EXPUNGED."

MILWAUKEE:

SATURDAY MORNING, JULY 3.

The Fall Campaign.

The Fall Campaign in this State, will derive additional interest and importance from the fact that three members of Congress are to be chosen, and the Administration of Mr. BUCHANAN submitted to the judgment of the people. We already hear in other States, which hold their elections at the same time that we do ours, the note of preparation. Our political opponents, too, in this State, have begun to move, and the call for their Congressional Convention in the Third District is already published. It is time, we think, for the Republicans also to "beat to quarters." We are decidedly in favor of holding our Congressional Conventions as soon as may be. Let our candidates be placed in the field early enough to have ample opportunity for a thorough canvass of their respective Districts.—Two months, or even three, is none too little for the second and third Districts, which cover a vast extent of territory and contain half a million of people. We hope, therefore, that the respective District Committees will issue their calls without delay, and summon the Conventions to to be held between the 15th of August and the 1st of September.

In this District, we have heard but one name proposed as the Republican candidate, and that is our present Representative, JOHN F. POTTER. Mr. POTTER has proved himself a faithful, fearless, industrious and attentive member. On all the great issues of the day, he has truly reflected the sentiments of his constituents. Upon every question affecting the West, he has stood up manfully for its rights and interests. And in that memorable crisis in the House of Representatives, which, though brief in duration, has had lasting and most beneficial results, he showed himself a true man. No new member has, for a long time, made a better impression at Washington, or more rapidly acquired position and influence in the House of Representatives. Mr. POTTER has not only fairly earned the meed of re-election, but his constituents will consult their own best interests in returning him again to Congress.

In the Second and Third Districts, opinion is not so fully settled as to who shall be the Republican nominees. But without desiring to prejudge the question, we may be permitted to remark that in Mr. C. C. WASHBURNE and Mr. CHAS. BILLINGHURST, the present members, the people of these two Districts have tried, experienced, capable and faithful Representatives. Persons familiar with the business of Congress need not be told how much one or two year's service in either branch, but more especially in the House of Representatives, adds to the practical efficiency and political influence of a member. The South, though always in a numerical minority, has almost always managed to control the legislation of Congress, by the superior tactics acquired by long experience, of her leading members. She does not readily change an able or influential Representative. Her example in this respect is well worthy of our imitation, and especially in the present posture of affairs, when, on the main issues and practical questions of the day, parties are so nearly balanced, and superior management and parliamentary skill will prevail even against numbers. For these reasons, and others that will occur to our readers, we are decidedly of opinion that unless our Republican friends in the Second and Third Congressional Districts, can improve very materially upon the nominations of Messrs. BILLINGHURST and WASHBURNE, (which we greatly question,) they cannot do better than to re-nominate and re-elect their present tried, true and excellent Members.

Scylla and Charybdis.

The *News*, of yesterday, has hit upon a new platform, and rejoices greatly in the discovery. Uncertain which to choose, DOUGLAS or BUCHANAN, it compromises the matter by declaring for both. It runs up to its mast-head, Mr. BUCHANAN's maxim about "popular sovereignty," and one from Mr. DOUGLAS on the same topic; proclaims these its "platform;" and invites the united Democracy to take their stand thereon.

This solution of its difficulty is well enough, so long as the *News* can steer exactly between the two maxims. But, though fair to look upon, this is a dangerous passage to political navigators. A dozen or more portly Democratic Congressmen were stranded therein, during the last session of Congress. We hear of other and recent wrecks in Democratic State and Congressional Conventions. In Indiana, in Illinois, in Iowa, and in Minnesota, numerous catastrophes have occurred. The truth is, that the most skillful steering will not avail in such a strait. The wary navigator who wishes just to avoid the Buchanan dodge, falls into the Douglas pit; or seeking to shave the latter, tumbles headlong into the first. The *News* will only have to choose between Scylla and Charybdis.

ACCOUNTED FOR.—The Madison *Argus* has been quite abusive and denunciatory, of late, towards the newly appointed State Comptroller, and the Madison *Journal* furnishes the following satisfactory explanation of the matter:

The *Argus* evidently entertains some spite against Mr. Tenney; and, suspecting the cause, we called at the office of the Comptroller this morning, and examined the accounts for the State printing rendered by our neighbors. We soon discovered the difficulty. The following bills for State printing, from the *Argus* office, are on file there, with deductions of "steals" attempted by Messrs. Calkins & Webb, as follows:

June 17.	Bill rendered by the *Argus*,	$1,471 56
	Overcharges deducted by the Comptroller,	516 65
June 25.	Bill rendered by the *Argus*,	716 60
	Overcharges deducted by the Comptroller,	229 60

The attempt to "steal" $750 from the State on two small bills, having failed, our neighbors retaliate by publishing such articles as that of last evening. It is also understood that Mr. Tenney is not likely to audit the bill of the *Argus*, amounting to several thousands of dollars for printing Assessment blanks, which by law are to be furnished by the counties. This is no doubt aggravating. After enjoying such convenient relations with the public crib, for a series of years, as the investigations of the last session show on the part of the *Argus*, it must be exceedingly annoying to it to find this obstinate Comptroller not only disposed to make their bills accord with their contract, but thoroughly posted in all the *minutiae* and technicalities of the printing business; and thus enabled to carry out his purpose, intelligently, and to discover a "steal" in a printing account at the first glance.

THE DROWNING OF JUDGE SELDEN'S SON.—The Rochester *Union* of Saturday last, gives the following particulars of this melancholy casualty.

Last evening between 6 and 7 o'clock, Henry Lee Selden, the only child of Hon. Samuel L. Selden, and grandson of Dr. Levi Ward, was drowned in Irondequoit Bay.

Judge Selden had accompanied his son and a little nephew, a son of Mr. L. A. Ward, to the bay, for the purpose of bathing. While the boys were in the water, Judge Selden stood upon the shore, not far distant, attentively watching them. They had been in the water a short time, when Henry said to his cousin that they had better go on shore. As he said this he stepped forward and suddenly sank, without a cry. Judge Selden, who is an excellent swimmer, instantly threw off his coat and plunged in. His earnest and protracted efforts were unavailing. At two o'clock this morning, through the advice and energetic exertions of L. D. Ely, Esq., the body of the lad was discovered at some distance from the place where he sank.

Terrified Democracy.

"Index," the Washington correspondent of the N. Y. *Tribune*, writes:

No little alarm is felt in the Democratic quarters at the political prospects of the Administration and the party. They begin to realize the impending doom, and the more wary are holding out overtures for conciliation. I have already spoken of the disposition expressed toward Judge Douglas by Southern members of the cabinet. It is now within my knowledge that a strong inclination is entertained to bowstring Leib, the Mail Agent, who has been perambulating Illinois, abusing his place, disgracing the public service and outraging all the common decencies of life. So barefaced, flagrant, and infamous an abuse of office, has never before been witnessed in the worst party times. But it is proper to say that the Agent and the service are in most excellent keeping with each other.—They fit, precisely; the Administration knew its man when a degraded servile instrument was needed to drum up Postmasters into Convention, and to prostitute a position of trust into the meanest vehicle of personal malignity. Leib has earned a dinner at the White House.

THE NEW YORK YACHT RACE.—The New York papers are making merry over the discomfiture of BENNETT's yacht, the *Rebecca*, in the late race around Long Island. The *Rebecca* arrived first at the stake boat, but was ruled out by the Committee, because she had taken a short cut through "Plumb Gut;" gone on the wrong side of the "stepping stones;" and even made use of "sweeps," when the wind failed her. Hereupon the N. Y. *Times* discourses thus:

THE PERILS OF PLUMB GUT.—When the beautiful yacht *Rebecca* was rounding Montauk Point on midnight of the Thursday that the late great race commenced, it must have been the "Demon of the Evil Eye" which suggested that it would be best to haul aft her sheet, and avoiding "the Race," which the regulations prescribed, head for the Sound through Plumb Gut. She gained a dozen miles by the *ruse*, and so reaching the goal first, enjoyed fully four hours of glory, but mortified her friends by being ruled out so soon as the committee had time to pass upon her violation of the orders. It is painful to dwell upon these lapses of friends, but our duty to society, and especially to the young, compels us to improve the text.

Don't go through Plumb Gut. Better manfully square away to the Race, and be honorably distanced, than take short cuts the rules forbid. Never mind if the tide runs ebb strong, if the sea is chopped, if the route is longer, if she sometimes buries her nose in the sea, if the old man is qualmish—it is better to go in and win or be beaten, than to be ruled out at last. In religion, as the "Dreaming Tinker of Bedford" has beautifully shown, they are never permitted to come in by Plumb Gut. There is no more a Plumb Gut than a royal road to Learning. And in politics, if unduly ambitious candidates attempt it, the people are sure to go into Committee of the Whole and rule them out. Wo unto them who making haste to be rich go through Plumb Gut, is pretty nearly the language of Scripture and exactly the voice of the Toombs. Young men, in the race of life, keep carefully on the right side of the stepping-stone, never get out the sweeps, however dead the calm, or dark the night, and of all things don't think to get an undue advantage by going through Plumb Gut. Remember the *Rebecca*.

THE NEW GOLD DISCOVERIES—EXCITEMENT AT SAN FRANCISCO.—At the sailing of the last steamer, the excitement about the new gold discoveries at the Frazer River was on the increase, and thousands were preparing to leave for the new diggings.

The following are extracts of private letters to gentlemen in this city, dated the day before the sailing of the steamer:

SAN FRANCISCO, June 4.

You will be astonished to hear of the Frazer River excitement. There is not a doubt of the gold fields being extensive and exceedingly rich—as rich and large as the California placers of '49, and, if report be true, more rich. The excitement in the State is immense, and thousands are awaiting the news by the *Panama*, now coming. If she confirms former reports, there will be a grand exodus from here. This new gold field must start an immense immigration from the Atlantic States.

Another letter states:

"The all absorbing topic, just now, is the new diggings at Frazer's River, which has set all California in a blaze—almost equal to the first days of the discovery of gold. The miners in many parts of the country are preparing to leave, and for the next four months the ships on the route cannot carry the crowd that will offer. I will not give *my* opinion as to the permanency of the new discovery, and the effect of it on our population, but others better informed that I am say it will *strip* this State of at least 25,000 the coming year. The "Pikes" [NOTE—People from Pike County, Mo., *alias*, 'Greybacks.'—ED.] are all for the new diggings at Frazer's River, and it is estimated that over 1,500 are in town awaiting the chance to go. The steamer *Panama* will have on the 7th all of 500, and could have 1,000 if she could take them. It is supposed that the prices of labor will materially advance; say 25 to 50 per cent. If this excitement continues, and I see no reason to doubt it. Laborers in the mines are demanding $5 per day, instead of $3, which has been the price.

P. S.—June 5.—The *Panama* is just in. The news from Frazer's River is great; gold plenty as blackberries; the city is full of excitement, and the prospect is that thousands will go. I send you an extra *Alta* which will give you some particulars."

Fraser's River empties into Puget's Sound, just north of the forty-ninth parallel, which forms the boundary between the United States (Washington Territory) and the British possessions. Had the "fifty-four forty" vaunt of the Polk Administration been anything more than words and wind, the newly discovered gold mines would now belong to us, and not to England. Nevertheless, they are open to emigrants from the United States, who may go there to dig, but not to trade—the latter occupation being reserved to themselves by the Hudson Bay Company.

The accounts which we published yesterday, together with the above quoted extracts, leave no room to doubt that gold exists in rich abundance at Frazer's River. Doubtless, however, the reports are exaggerated, as was the case in the early days of the California diggings; and multitudes who rush thither will encounter disappointment. Yet there is nothing impossible or even improbable in the opinion that the newly discovered mines may prove as productive as these of California.—*N. Y. Times, 29th ult.*

MODERN CLIPPERS NOWHERE.—A log book of a century ago, recently discovered in Beverly, contains evidence that there was at least one fast vessel in those days, which threw into the shade the boasted performances of modern clippers. The book is a venerable vellum covered manuscript volume, originally used by Peter Blin, in 1717, when he was endeavoring to penetrate the mysteries of Arithmetick and subsequently of Navigation. On the first page is inscribed "1717. Peter Blin—His Book—began Octr ye 8th, 1717. Taught him by that worthy servant of God, Mr. Owen Harris, in The Twelfe year of said Blin's Age."

The Log Book occupies the last part of the volume and presents some very remarkable sailing. One entry is entitled: "A Journal of a Voige by God's permishan in ye Goodly Ship Coled the Dolfin, Capt William Bowles Commander, from Cape Ann to Latt'd 42.42, Longt. 67.43 to Cadez in Latt'd 36.18; Longt. 6.39—the corse from Cape Ann to Cadez do, 82 20 E. The distance is 2360 miles. Wednesday 2, February 1782, at 6 o clock we wayed anker in Beverly harbour. At 12 o'clock Cape Ann bore North 6 miles Dis." The day's work is regularly noted, and discloses a remarkable run, recording 8, 9, 10, 16, 20, 18, 16, and 15 knots consecutively. On Wednesday, Feb. 10, just a week out, is the remark: "At 6 o'clock in the morning St. Mary boar So. 6 miles distance." On Friday Feb. 12, after *nine days passage*, it is recorded:—"This 24 hours past we h-d a fine gail of wind. At 12 o'clock in the Day we arrived in Cadez Rhode, all well abord. Fish fetcho a fine price.

The course run makes an aggregate of 2908 miles, the several days' works footing up as follows: 192, 192, 216, 240, 360, 480, 432, 364—total 2908; and as the passage was just nine days, the average rate of speed was 323 1-9 miles. If any of the modern vessels can beat that they are clippers indeed.

This log book was found in the house formerly belonging to Capt. Bowles, and now in the possession of one of his grandsons. The house is undergoing repairs, in the progress of which the discovery was made. It is quite a curiosity. The building is the second house southerly from the mansion of the celebrated Nathan Dane.—*Salem Register.*

THE FLOOD IN THE SCIOTO.—We are credibly informed that the Sciota below the junction of Paint and Salt Creeks, was *two feet higher* than ever before known. The highest mark previous to this date was in 1805. The amount of sediment left on the bottom ground is, in some instances, enormous. It varies from two inches to a foot in depth. Occasionally there is a bad wash, with here and there an unfriendly deposit of sand. Salt Creek is said to have been higher than ever before known.—*Dayton Journal, 28th.*

The Nicaragua Transit.

Final settlement of the Imbroglio—the Contract given to Commodore Vanderbilt—Full Particulars of the Commodore's last Coup d' Etat—Shipment of Specie, via Havana to San Juan—M. Felix Belly outwitted—The Transit Route to be Opened Immediately.

From private correspondence received by the Moses Taylor, as well as from a source in this city that may be implicitly relied on, we have received important information relative to Nicaragua Transit matters.

It seems that the concession of the Nicaragua Transit by the Government of that Republic to Cornelius Vanderbilt, Horace F. Clark, and their associates, must be regarded as *un fait accompli*.

About two weeks ago there came passenger in the Star of the West, the famous Webster, Vanderbilt's agent, and Mr. Geteli, a co-partner of one of the members of the Nicaragua Assembly, and a large and influential property-holder in the country. Webster had all the transit documents in his pocket, and it is said that no one was more surprised at his success than the Commodore himself.

The principal document is the deed of concession itself—dated the 8th of May last—which grants to Cornelius Vanderbilt, Horace F. Clark, and their associates, the exclusive right of conveying passengers across the Isthmus of Nicaragua by the Lake Nicaragua and the River San Juan. It is very similar in form to those transit grants made on previous occasions by the various Governments of the Republic.

A supplementary document to this concession, called "The Act of Incorporation," is of great importance. It incorporates the grantees in a perpetual company, with power to create and issue stock, and transfer or sell the same. It exempts them and their property from all taxation and Government dues, and places them on the footing of citizenship, with the right to sue or defend in all the Courts of the Republic. It further gives them the right to elect a President and Directors, and to make such by-laws, rules and regulations as may be necessary for the internal management of the Company's affairs.

These important documents were brought on by Webster, and took the Commodore quite by surprise, for, like most other people, he began to think that the mission of his agent was rather a hopeless affair. He kept his intentions close and planned a grand *coup d'etat*.

Matters were speedily arranged. The specie destined for Nicaragua was boxed; the necessary papers were made out, and all arrangements for the final consummation and settlement of the Transit question were completed.

In order to avoid suspicion, Webster and D. B. Allen, son-in-law of Vanderbilt, accompanied by the specie, went on board the New Orleans steamer Philadelphia, which sailed from this port on Tuesday, June 15. By this means Webster and Allen got off without notice. They were to be met at Havana by a special steamer, (the Grenada,) which the Commodore had telegraphed to leave New Orleans for the purpose, and they would proceed thence direct to San Juan.

The programme laid down for Messrs. Webster and Allen in Nicaragua is as follows: At Greytown they would take one of the small river steamboats, and proceed up the river and across the lake to Granada, and thence by mules to Managua, the capital. They would there pass the necessary papers, take possession of all the property formerly owned by the Accessory Transit Company pay over the specie, set men to work on the line immediately on their return to Greytown, where the Granada had been ordered to await their arrival, and bring them back to New York.

The California steamers, it is said, will touch at Greytown, while the Granada is lying there, and until Webster and Allen have completed all their arrangements.

Commodore Vanderbilt has steamers in readiness on both the Atlantic and Pacific sides, and it is confidently stated that the Nicaragua transit will be re-opened in the course of a couple of months.

We believe that orders to Senor Yrissari from his Government, are on their way, if they have not already arrived, directing him to recognize the grant to Commodore Vanderbilt in all its particulars. Senor Yrissari, it is further stated, will soon be recalled.

Frazer River Gold Mines.

A correspondent of *The Alta*, writing from Victoria, May 17th, says:

"The steamer *Otter* came in a few days ago from Fort Langley, and, according to report, brought 800 pounds of gold dust for the Hudson Bay Company, but I have not seen it. * * * I have seen quite a number of persons from the mines. There seems to be but one opinion among them as regards there being plenty of gold in the diggings, and the best evidence is that all of them, after laying in a stock of provisions, return back to the mines, and the steamers return back empty to San Francisco. The merchants are reaping a harvest, trading their goods for gold dust."

A gentleman, writing a private letter from Whatcom, says:

"I have seen the gold brought down by miners, who have been obliged to leave the diggings on account of their inability to procure food for sustenance. My experience by working in the mines of California, during the space of eight years, enables me to say that there is no doubt but that the new mines are very rich and very extensive. Mining is easy and water abundant."

The rush to the Frazer River gold mines continued. About 2,600 persons had passed through San Francisco since April 20th, mostly miners from the interior country of California. It is estimated that about 5,000 persons are already collected in Puget Sound, *en route* for the new El Dorado.

THE MONROE OBSEQUIES.—The removal of the remains of President Monroe will take place on Friday July 2d, at four o'clock in the afternoon. No doubt there will be a large military and civic parade. The citizens of New York will not be behind those of Richmond in manifesting their regard for the memory and worth of an illustrious man. In accordance with the wishes of the friends, the joint committee of the Common Council and the committee of Virginians, have determined to remove the remains privately from the cemetery to a private house on Fourteenth street, when, on the day of parade, they will be given in charge of the Eighth regiment (Washington Grays,) which has been appointed an escort and guard of honor during all the ceremonies in New York. The remains will be taken to the City Hall and placed in the Governor's Room, where they will lie in state, guarded by a detachment from the regiment, until the afternoon of the 3d, when they will be given in charge of the Seventh regiment, and placed on board the steamer *Jamestown*. The Eighth regiment will also accompany the remains to the boat.—*New York Herald, 28th ult.*

POLITICAL.—A Pittsburgh paper says that Vice President Breckinridge is preparing to enter the field as a candidate for the Democratic nomination for the Presidency at the Charleston Convention.

The following resolution was adopted at a recent Convention of "the people," at Salem, New Jersey:

"*Resolved*, That industrial pursuits are the sources of the prosperity of the country, and ought to be especially cared for by the General Government, and that the time has fully come when the working men of the country should unite to obtain for themselves such protection as shall secure their industry from the unequal competition with the pauper labor and overgrown capital of Europe—shall re-open the mills, factories, and foundries, furnish again employment to the artizan and mechanic, and give to the farmer a remunerative market for his labor."

RAILROAD INCIDENT.—A correspondent of the Alexandria *Sentinel* states that on the 21st, whilst the train of cars on the Orange and Alexandria Railroad was at the bridge opposite the residence of Mr. Wallach, near Culpeper Court House, the engine driver discovered a man sitting on the rail of the road with his head hanging down as if taking a nap. All efforts were made to stop the train, it being near the end of the curve, it was impossible to do so in time.—When the engine struck the man, it lifted him eight or ten feet in the air, and he fell flat on his back in the ditch, apparently lifeless. Capt. Pauli ran the train back and took him on board, and started back to Culpeper Court House to procure for him medical aid. While on the way back the man commenced talking, remarking that they were carrying him the wrong way.—He soon raised up his head and said he was not hurt. He then rose to his feet, remarking at the time to the writer of the article—"Stranger, you gave me a thundering jolt! hallo! let me off!" Capt. P. stopped the train to oblige him. As he alighted on the ground, he jumped up and cracked his heels together, and bade adieu. He called himself "Joe Brown of Culpeper."

A VALUABLE HERD OF CATTLE.—Samuel Thorne, of Thornedale, Washington Hollow, Dutchess County, N. Y., has a herd of only some seventy cattle, but their cash valuation, is over $80,000. For one bull $6,000 was paid in England; for another $5,000; and another is almost equally valued. One of his cows, "Duchess 65th," cost $3,500 at an auction sale in England, and her calf brought at the same sale $2,000.

BRISK MATRIMONIAL WORK FOR WARM WEATHER.—Within an hour's time yesterday three weddings were *perpetrated* in the parlors of the Dennison House, two of which will be found announced elsewhere. The heat may stop locomotion, dry up the streams, and prostrate individuals with sun-strokes, but Cupid keeps about his work as though there was no time to be lost.—*Cincinnati Gazette, June 30.*

THE GERMAN MUSICAL FESTIVAL.—Beneath a burning sun, and amid orchard trees unstirred by a single breeze, the Germans had another of their peaceful Festivals yesterday. Thirty thousand persons of all ages and of both sexes, sweltered in the hot air, and felt themselves free and happy. It was certainly heroical to be jolly under such circumstances—but the jollity was there, and no one thought of the heroism that it involved, and which, in point of fact, oozed out out at every pore. The hearty capacity for enjoyment is a national blessing, and it is never so acceptable as when it comes with a generous love of one's wife and family, and the open air, and the genial breath of nature, and the oblivion always too brief, of worldly cares and torments.

There was a praiseworthy effort on the part of the directors of this Festival, to Americanize it as much as possible, and with good results. A per centage of the multitude was American, and although the arrangements were somewhat humble, we are persuaded that the next annual festival will be still more largely patronized, and show the fruits of this effort. Hitherto there has been a spirit of exclusiveness in these gatherings which has deterred the Americans from resorting to them. Nothing of the kind prevailed yesterday. The programmes were printed in English, and the Master of Ceremony insisted on speaking the vernacular. This is as it should be.

In open air recreation we have yet much to learn, and we may perhaps take a lesson from our German fellow-citizens. They have proved over and over again that vast numbers may assemble and enjoy themselves without the degrading concomitants of intoxication and riot. Not a single angry word was heard yesterday, and no reeling drunkard marred the pleasantness of the feast. There were of course a few rowdies, but they looked wretched and disconsolate, and had not the heart to get up a mild muss.—They were evidently unaccustomed to a scene in which women and children were the best features. It was not safe to meddle in such an extensive family party, and they went their way willed and inflamed but peaceful, and almost penitent, taking their beer with a majestic gloom which deepened into misanthropy as their eyes wandered to the cool casements of the establishments on Blackwell's Island, *erected for their especial accommodation and yawning for them.* How few rowdies should we have if men only went where they could take their wives and children.—*N Y Tribune, June 29.*

MOTHERS! MOTHERS! MOTHERS!

DON'T FAIL to procure Mrs Winslow's Soothing Syrup for Children Teething. It has no equal on earth. It greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases.

This valuable preparation is the prescription of one of the most experienced and skillful female Physicians in New England, and has been used with never-failing success in millions of cases.

We believe it is the best and surest remedy in the world, in all cases of Dysentery and Diarrhoea in children, whether it arises from teething or from any other cause.

If life and health can be estimated by dollars and cents, it is worth its weight in gold.

Millions of bottles are sold every year in the United States. It is an old and well-tried remedy.

PRICE ONLY 25 CENTS A BOTTLE.

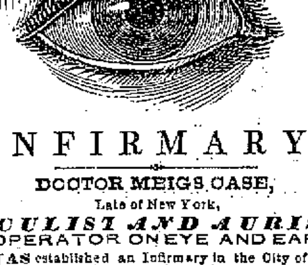
OPTICIANS.

WISCONSIN EYE AND EAR



INFIRMARY.

DOCTOR MEIGS CASE,

Late of New York,

OCULIST AND AURIST,

OPERATOR ON EYE AND EAR.

HAS established an Infirmary in the City of Milwaukee on the same plan and possessing all the advantages of the larger Metropolitan Hospitals, and proposes to make it one of the permanent institutions of the north-west. Doctor C. is a graduate of the University of New York, of Bellevue Hospital, and of the Ophthalmic Hospital in the City of New York, and has acted until recently as House Surgeon of the New York Eye and Ear Infirmary, the largest charity in the United States, devoted to the Eye and Ear, and treating nearly 4,000 cases annually. The large experience and delicacy of Manipulation acquired in these Metropolitan Institutions by constant familiarity with this class of affections, enables him to offer superior advantages to all who may require his professional services, through accident or disease.

Operations for Cataract, Artificial Pupil, Strabismus, or Cross and Squinting Eye, &c., &c., performed scientifically and successfully.

French Artificial Eyes inserted without operation or pain, having the appearance and all the motions of the Natural Eye. Weak Eyes, Lippitudo Epiphora, or Watery Eye, Films, Specks and Ulcers of the Cornea, and all discharges from the Ear, resulting from Scarlet Fever, Measles, &c., promptly relieved by a few days treatment. Artificial Tympanum, for the cure of Deafness, depending on destruction of the Drum of the Ear.

All the recent discoveries and improvement in the Diagnosis, and treatment of Ocular and Aural disease will be recoursed to, for the restoration and preservation of the most valuable of the senses, Sight and Hearing.

CAUTION.—The public are cautioned against all itinerant *self styled* Oculists, and reminded that this is the only permanent and reliable institution in the West, and the only one enjoying the confidence and entire approbation of the profession at large.

Persons from a distance will be provided with boarding houses by making application at the office immediately on arriving in the City. Operations, Medicines and Advice gratuitously given to those who are really indigent.

THE LIGHT FOR INVALIDS.

HEAR what the Scientific American says on the "effects of various illuminating materials in vitiating the air." "It has been found by experiment that, lights of the same intensity from different substances take different periods to vitiate the same quantity of air by converting it into carbonic acid. Rape oil takes 71 minutes, Olive oil 72, Russian Tallow 75, Common Tallow 76, Sperm oil 76; Stearic acid 77; Wax Candles 79; Sperm Candles 80, Common Coal Gas 98, Cannel Coal Gas or Kerosene Oil 152. From the New York Herald, Saturday.

English Nobles in the United States.

The Persia, on her last trip from Liverpool, brought, among her passengers to this port, probably a larger representation of wealth than any steamship ever freighted with, to this country. In addition to Wm. B. Astor and his family, were two of the younger members of the richest noble houses in Great Britain—Lord R. Grovesnor and Lord H. F. Cavendish—one representing the wealthy family of Westminster, and the other that of the hardly less wealthy house of Devonshire. The Honorable Evelyn Ashley also—a scion of the house of Shaftsbury—accompanied the two young lords on a tour of pleasure to America. The three English noblemen have taken up their quarters at the Everett House, and will remain in New York for a short time, previous to visiting the most interesting parts of this country. As they are all young, rich, and full of vigor, and ripe for enjoyment, no doubt their travel on this continent will not prove fruitless of pleasure of the highest and keenest order. It may be interesting to our readers to know more minutely who our new visitors are.

Lord Richard de Aquila Grovesnor is the third son of the present Marquis of Westminster, the richest nobleman in England. His income is said to be equal to $5,000 a day. The Marquis married the youngest daughter of the first Duke of Sutherland, and had several children, of whom our present visitor is the third.—Lord Richard Grovesnor is quite a young man, having only arrived at his majority in January last. The Grovesnors trace their descent in the male line from a family of Normandy, a century and a half before the conquest of England. The founder of the English branch of the family was Sir Gilbert La Grovesnor, who came over to England with William the Conqueror, and in the year 1761 one of his successors was created Baron Grovesnor, of Eaton, in the county of Chester, a title still borne, we believe by the Marquis of Westminster.

Lord Henry Frederick Cavendish is, if we mistake not, a younger son of the present Duke of Devonshire, who has recently become entitled to the coronet and estates of the late Duke around the history of whose birth gossip has thrown so much romance. He was said to have been the child of some dependent of the former Duke, who was substituted a nurse for the real heir, but having obtained possession, which is nine points in the law, and moreover money to contest a suit, the members of the family concluded to pemit him to enjoy the inheritance of his reputed father during his lifetime—he consenting not to marry. This we believe is the story, and as the late Duke is alleged to have kept his compact, though some tales have been set up of a legal marriage, a real Cavendish once more claims the Dukedom of Devonshire, with its immense wealth and its magnificent seats of Chatworth, Chaswick, Lismore and the rest.—The Cavendishes are a very ancient family. A Sir John Cavendish was the body esquire of King Richard the Second, and is reported to have been the knight who killed Wat Tyler at Blackheath, when Mayor Walworth struck the gallant rebel down with his mace. The Cavendish family laid the foundation of their fortunes in the time of Henry the Eighth, when the abbey and monastery lands were disposed of to the friends of the reforming monarch. Sir William Cavendish had been gentleman usher to the unfortunate Cardinal Wolsey; but he does not seem to have shared either the disgrace or the poverty of his master, but no small share of the conficated lands of the church, whose temporalities were so liberally bestowed upon the friends of the rising establishment at that time, fell into his hands.

The Hon. A. Evelyn Melbourne Ashley is the fourth son of the Earl of Shaftesbury, better known for many years past, for his humanitarian principles, as Lord Ashley, in the British House of Commons. Hon. Mr. Ashley is also quite young, not yet twenty-two.

EXTRAORDINARY DECEPTION AT A SCOTCH CATTLE SHOW.—A discovery was made on the morning after the show at Ayr, that the 2 year old bull for which the first prize was awarded, had been decorated for the occasion by a pair of false horns. The deception work had been neatly done. A thin band of gutta percha was put round the base of the horns, and was fastened by some adhesive substance, and the hair was carefully placed over it. The skin of the animal had been punctured behind the shoulder, and air blowed in to prevent a slight hollow from being observed. The third animal in the same class had also been altered in appearance by puncturing and blowing. An aged bull which had been practised upon in a similar manner, was turned out by the judges, the discovery having been made before the prizes had been adjudicated. These three animals were exhibited by Mr. James Paton, Blankhead, near Patrick. The premiums have been witheld by the directors, and the offending party is excluded from showing stock again in Ayr. The directors have further resolved that the case shall be laid before the Procurator Fiscal, for the Crown Council to decide whether Mr. Paton shall be criminally prosecuted.

WALKING AND PURE AIR.—Anaximines taught that air is mind. Some one else says air is the hidden food of life. Plutarch seems to incline to Anaximines' opinion, remarking that perhaps the reason why there is a sympathy of feeling on various subjects arises from breathing the same air. Air is an exhalation of all the minerals of the globe; the most elaborately finished of all the works of the Creator—the rock of ages disintegrated and fitted for the life of men. All classes of men affirm this. Sydney Smith says to public speakers that if they would walk twelve miles before speaking, they would never break down. In English universities, boat races, horseback rides, and ten mile walks are a part of the educational means for physical development.—Plato says a walk in the open air will almost cure a guilty conscience.—*Emerson.*

MEDICAL.

AYER'S CATHARTIC PILLS.
THE sciences of Chemistry and Medicine have been taxed their utmost to produce the best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood and expel the disease. They purge out the foul humors which breed and grow distempers, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to their whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill.—While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated they are pleasant to take; and being purely vegetable are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my preparations contribute immensely to the relief of my afflicted, suffering fellow-men.
The Agents below named are pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures of numerous complaints.
Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS and take nothing else. No other they can give you compares with this in its intrisic value or curative powers. The sick want the best aid there is for them and they should have it.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures
EVERY KIND OF HUMOR,
FROM
The worst Scrofula down to a common Pimple.
He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore month.
One to three bottles will cure the worst kind of pimple, on the face.
Two or three bottles will clear the system of biles.
Two bottles are warranted to cure the worst canker in the mouth or stomach.
Three to five bottles are warranted to cure the worst kind of Erysipelas.
One to two bottles are warranted to cure all humor in the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruptions of the skin.
Two or three bottles are warranted to cure the worst kind of kind of ringworm.
Two or three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure salt-rheum.
Five to eight bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity taken.

ROXBURY, MASS.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise.
In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother
NURSING SORE MOUTH,
is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to you husband and household.
In the more advanced stages of
CANKER
extends to the stomach, causing
DYSPEPSIA,
which is nothing but canker on the stomach; then to the intestines and
KIDNEYS,
creating a sinking, gone feeling, and an indifference even to the cares of your family.
Your stomach is
RAW AND INFLAMED,
your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to
CURE;
Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the
PILES.
How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the
MEDICAL DISCOVERY
you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,

LIQUORS, CIGARS.

G. SIMMONDS,
SOLE PROPRIETOR AND MANUFACTURER OF
PURE OHIO
Catawba Brandy.
THIS Brandy has been manufactured for several years from the pure juice of the Catawba Grape, thus affording additional evidence, of the progress of American enterprise and industry, and of our ability to produce articles at home, equal to those made by any other nation.
The Ohio Catawba Brandy, not only equals but excels the best Imported Brandies, in purity and flavor. It is in fact the best Brandy known. This statement is fully corroborated by the certificates of our most distinguished analytical chemists.
The want of pure brandy has long been felt in this country, and the introduction of an article of such quality as to supersede the sale and use of those vile compounds hitherto sold under the name of Brandy, can only be regarded a great public good. The Catawba Brandy posses all the good qualities claimed for the best imported liquors, and is of perfect purity and superior flavor, and a sovereign and sure remedy for
Dyspepsia, Flatulency, Cramp, Colic, Languor, Low Spirits, General Debility, &c.

IMPORTANT TO GENTLEMEN.
MRS. SHANKS, at 225 East Water Street, Milwaukee, Wis., begs leave to inform the Gentlemen of this city, and particularly those who take pleasure in wearing well got up linen, that, in addition to the manufacture of SHIRT COLLARS, DRAWERS, &c., &c., which she carries on now more satisfactory to her customers than any establishment in the North-West, she is prepared to take in WASHING of every description. Having enlarged her premises, and being in possession of a Patent Glossing Press, for Shirts, Collars, &c., also, all modern implements and ingredients requisite in her line of business; she feels confident of giving full satisfaction, and promises to do all work cheaper than any establishment this side of New York. Linen got up at the above place will, in appearance, be fully equal to new goods.—Tailors and Clothing merchants will do well to give us a call, as they can recommend our work to their customers at large. Country orders promptly attended to. We sell Shirts from seven shillings to five dollars apiece. Having proved our experience as Proprietress of the New York Shirt Factory, in Baltimore, for the last nine years, we have now come to make a second commencement in the West, and defy the world for better fitting Shirts, Drawers, Dressing Gowns, or anything in our line.

Risks accepted at terms consistent with solvency and fair profit.
Especial attention given to Insurance of DWELLINGS and Contents, for terms of 1 to 5 years.
The progress of this Corporation has been stable and uninterrupted through seasons of financial sunshine and storm, or periods eventful in or exempt from sweeping conflagrations and maritime disaster. Being long established on a cash basis, the troubles of the credit system affect us in no material particular.
During "hard times" the security of reliable Insurance is an imperative duty—the ability of property owners to sustain loss being then much lessened.
Agencies in all the principal cities and towns throughout the State. Policies issued without delay, by any of the duly authorized Agents of the Company.
Business attended to with despatch and fidelity

REAL ESTATE,
Office, No. 1 Kneeland's Block.
CITY LOTS. LOTS. LOTS. LOTS. LOTS. PALMER & CO'S Addition, No. 21. One mile and a half from the Spring Street Bridge.
We have laid off the balance of our original purchase on Spring street into lots, and now offer them on the same terms as heretofore, viz: *On each hundred dollars of purchase money five dollars in advance, and three dollars per month there after until paid WITHOUT INTEREST.* The lots are beautifully situated on high ground in a healthful locality, and embraces some of the finest views about the city. They will bear examination.
The very low price at which they will be sold, together with the terms, commend them to the attention of all classes who desire a home and exemption from rents.—Young men, mechanics and laboring men, and tradesmen of small means have here an opportunity to invest that is within their reach. We have an agent on the property every day, after 2 P. M., to show the lots.

COMMERCIAL & FINANCIAL.

OFFICE OF THE DAILY SENTINEL, Friday Evening, July 2, 1858.

MONEY MATTERS.—There is no change to speak of in money matters. Exchange continues plenty, and currency is rather easier. There is a moderate degree of activity in general business, and the Banks are discounting good business paper at 10 per cent. Exchange on the East and Gold selling at 1 per cent. Note brokers rates 1½ to 2½ per cent per month for well secured paper.

OUR MARKETS.

RECEIVED BY MIL. & MISS. R. R., July 2d.—240 bbls flour, 13,126 bushels wheat, 6,152 bus oats, 50 bus rye, 120 bus potatoes, 16 bbls eggs, 1,081 lbs sundries, 591 bus corn, 904 lbs hides, 5,166 lbs wool, 2 bbls pork.

LA CROSSE & MIL. R. R., July 2d—2,511 bus wheat 9,507 bus oats, 1,000 lbs wool.

M. W. & B. V. R. R., July 2d—2,511 bus wheat, 2,407 bus oats, 1,300 lbs wool.

MIL. & HOR'N R. R., July 2d.—2,067 bus wheat, 471 bus oats, 950 lbs wool, 35 bbls flour.

In our produce market to-day we note a fair degree of activity, with fair receipts of grain for the season. The wheat market is more settled, and a better feeling exists amongst dealers. There is an improved demand for all grades of wheat, but prices remain generally the same as yesterday. The principal sales made to-day were of No. 1 at 68c, some choice lots however bringing a higher figure. Among the sales to-day we note 1,000 bags choice spring wheat by Messrs. Elmore Brothers & Co. at 70c, which was a consignment from Mr. G. W. Brownell of Clay on City, Iowa. It was a very nice sample, plump and clean, and about equal to our extra club.

Oats are 2c lower and in less demand.

Wool is coming forward in larger quantities, and the market is still somewhat unsettled. We quote to-day:

WHEAT—Market more active and, prices unchanged. The following are the principal sales made during the day: 400 bags very extra club at 7&c; 800 bags do at 71c; 1,650 bags fair extra at 70c; 400 bs a choice dry No. 1 at same price; 9.0 bags good No. 1 at 69c; 200 bags do at 68½c; 8,900 bags do at 68c; 25 bags ordinary No. 1 at 67c; 600 bags common at 65c; 500 bags do at 62½c; 500 bags do at 60c, 50 bags poor at 60c, and 70 bags damp at 50c. There is considerable damp wheat coming forward, and it meets very slow sale at 50a60c. Most of what was sold to-day, termed 'common,' has been more or less damaged by dampness. Winter wheat quiet and little on the market. We note sale of 320 bags choice white at 88c.

FLOUR—Quiet and without material change. Sales today of 100 bbls 'Gothic Mills' spring extra at $3,75 delivered, and 24 bbls 'Dayton Mills' spring extra at $3,50 delivered.

FREIGHTS—Inactive and unchanged. Schooner A. Scott takes part of a cargo of wheat here at 3c to Oswego, and fills at Racine at the same rate.

OATS—Are lower and less active. The principal sales were made in the morning at 32, but prices took a downward move in the afternoon and only 30c were offered, and a few sales were made at these rates. We note sales to-day (early) of 1,300 bags at 32c; 500 bags at 31c, and smaller sales at 30c.

BARLEY—Quiet at 35a36c. No sales to-day.

RYE—In fair demand at 50a51c.

CORN—In good local demand at 48a50 for dry shelled lots.

POTATOES—Still dull at 20a25c.

BUTTER—Inactive at 9a10c for fresh roll.

EGGS—No inquiry. Quoted nominal at 7a7½c by the bbl.

HIDES—In good request at 5½a6c for green; 7a7½c for green salted; and 18a14½c for dry.

WOOL—Remains as noted yesterday, prices in the street range from 22 for native to 32 for ¾ blood, 34a34½ for full blood.

PITTSBURG, FT. WAYNE & CHICAGO RAILROAD!

THIS New and Direct Route now open to New York, Boston, Pittsburgh, Philadelphia, Baltimore and Washington City, Cleveland, Dunkirk, Buffalo, Niagara Falls, and all Eastern Cities, Cincinnati, Columbus, Dayton, Springfield, Urbana, Zanesville, Steubenville, Newark and Wheeling, and all interior towns of Ohio, Pennsylvania, Virginia, Maryland, New Jersey, &c., making one grand unbroken Rail Road line between

CHICAGO AND THE EAST.
FARE AS LOW AS ANY OTHER ROUTE.

☞ Passengers wishing to go by this desirable and pleasant Route, should be particular and ask for Tickets by Fort Wayne, avoiding the annoyance of re-checking baggage as by other Routes.

Trains leave Depot on **VAN BUREN ST.,** daily as follows
8:00 A. M. 8.45 P. M.
With but one change of cars to Pittsburgh.
CHECKING BAGGAGE THROUGH

To Pittsburgh, Philadelphia, Baltimore and New York. Connecting directly with trains on the great Pennsylvania Central Railroad, to all Eastern cities. Also, with Cleveland and Columbus Railroad to Cleveland, Dunkirk, Buffalo, via New York Central and New York and Erie Railroads to New York and Boston.

Persons going East will find this route by far the most desirable both from the advantage in point of distance, variety and beauty of the country through which the roads pass, as well as the less frequent changes of cars, and the annoyance of re-checking baggage required by other routes.

Facilities for the transportation of Freight and Live Stock by this route, are unsurpassed. Rates as low as any other route, and with equal dispatch.

Tickets for sale at all the principal ticket offices at the West, and at the Company's Office, No. 30 Dearborn St., opposite the Tremont House, Chicago, and at the office of the Lake Shore Railroad, Milwaukee, by A. G. Leland.

RAILROADS.

NEW YORK & ERIE RAILROAD.

THE New York & Erie Railroad Company have earnestly endeavored during the past ten months, to establish and maintain uniform and remunerative rates of traffic by the four great lines which connect the Atlantic cities and the West. Having failed in this, and believing it to be injudicious and improper to influence traffic by the issue of free papers, by the employment of runners and solicitors, or by any other underhand means, the Company, rather than resort to such means, have determined to reduce the fares on and after Monday June 14, as follows:
Dunkirk to New York to........................$6,10
Buffalo to New York to........................ 5,00
Suspension or Niagara Falls to New York to.... 5, 0
